Subject: Deadline Extension Request for Second Review of NOI

Dear Mr. Baker,

After a thorough review of the comments received on the second review our large mine permit, Mountain Valley Stone is requesting a deadline extension for the resubmittal of the changes that have been requested by DOGM. The reason for the extension request is to allow us enough time to process and complete the review notes and requested changes in an efficient and effective manner. With these things considered we are requesting a due date of **June 17th, 2016** for resubmission.

Thank you in advance for your consideration of this extension and for the time and help you have given us.

Thank You,

Robert Hicken

A handwritten signature in blue ink, appearing to read "Robert Hicken", is written over the printed name. The signature is fluid and cursive, with a large, sweeping "R" and a long, horizontal stroke extending to the right.
